

Implementing the CASLLS in a Classroom or Therapy Setting

A workshop for teachers of the deaf/hard of hearing and speech-language pathologists, listening and spoken language therapists, audiologists, and administrators

February 16 - 17, 2024

Friday, February 16

8:30 a.m. - 4:00 p.m.

Discover the Basics of Implementing the CASLLS

Saturday, February 17

8:30 - 3:00 p.m.

Moving Beyond the Basics of the CASLLS

Registration

\$275 per person before Dec. 11, 2023

\$300 per person after Dec. 11, 2023

This intensive training will enable participants to fully implement the Cottage Acquisition Scales for Listening, Language, and Speech (CASLLS) in classroom or therapy settings for children acquiring spoken language. The CASLLS are a set of criterion-referenced instruments designed to help teachers and therapists assess, monitor, and select objectives for planning instruction to promote the language acquisition of children.

This two day workshop is offered for 10 LSLS CEU's.

Learning Outcomes

Participants will:

- define the purpose/use of the CASLLS
- practice language sampling and discover its significance as a means for selecting appropriate listening, language, and speech goals
- analyze language samples and plot data onto CASLLS
- examine data on CASLLS to select appropriate IEP goals, short-term goals, and weekly goals
- acquire strategies/techniques to utilize in a classroom or therapy setting
- explore methods to involve the parent/caregiver in carry-over of CASLLS targets into the home
- examine CASLLS structures more thoroughly, incorporating them within activities to develop or enhance listening and spoken language
- observe and compile strategies when working with children of varying ages, infants - elementary
- discover resources appropriate for use when working with children, infants - elementary
- obtain a list of therapy/classroom activities that embed CASLLS structures: Pre-Verbal, Pre-Sentence, Simple Sentence, and Complex Sentence
